

S SATHYAN

Chennai, Tamil Nadu, India | +91 7824020884 | supremesathyan@gmail.com | [Linkedin](#) | [Github](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in backend and AI-driven systems, with hands-on experience through national-level hackathons, research publication, and industry internship. Skilled in building scalable applications using machine learning, RESTful APIs, and full-stack technologies. Strong foundation in Python, problem-solving, and developing efficient solutions under time-constrained environments.

PROJECTS AND RESEARCH PAPERS

Data Quality Intelligence Platform (IIT Madras Visa 24-Hour AI Hackathon)

- Built a privacy-first, **GenAI**-powered data quality platform for enterprise payment systems with real-time multi-dimensional CSV analysis.
- Developed a custom **TypeScript** scoring engine to evaluate seven data quality dimensions.
- Integrated **Google Gemini** through **Supabase Edge Functions** to generate compliance-aware insights and remediation recommendations.

E-R Homie – Emotion-Aware Smart Home System (Research Publication)

- Co-authored a **published research paper** proposing an AI-driven, emotion-aware smart home system based on multimodal sensing (voice, facial, and physiological signals).
- Designed and evaluated machine-learning-based emotion recognition pipelines using **CNN**, **SVM**, and **LSTM**, reporting ~**85%** classification accuracy with **sub-2-second** response times.

Jharkand Tourism Platform (Smart India Hackathon) | [LIVE](#)

- Built a full-stack platform using **React**, **Node.js**, and **Supabase** to manage destinations and travel data.
- Integrated **AI chatbot** with **Gemini API** and smart itinerary planner generating personalised routes.
- Led backend and deployment on **Vercel**, ensuring a smooth user experience.

ACHIEVEMENTS

Participated in multiple national and college-level hackathons, focusing on real-world problem-solving and rapid prototyping.

- Visa 24-Hour AI Hackathon - Indian Institute of Technology (IIT) Madras**
 - Advanced to the final round, placing among the **Top 10** teams out of **500+ teams**, following preliminary evaluation rounds focused on AI-driven solutions.
- Smart India Hackathon (Internal Round – SVCE)**
 - Secured **Top 50** position at the college level; waitlisted at the national evaluation stage, ranking among the **Top 6** teams out of 500+ teams nationwide in the problem statement evaluation phase.
- Visualising Web Development 2025**
 - Winner (Top 3)** – for frontend and visualisation excellence, conducted by DSC SVCE.
- Eclearnix Hackathon**
 - Reached the final round, leading to an **internship opportunity** based on performance and technical contribution.

WORK EXPERIENCE

Project Management Intern – ECLearnix EdTech Pvt. Ltd.

Dec 2025 – Jan 2026

Remote (Online) | Coimbatore, Tamil Nadu

- Conducted competitor and market analysis of **6+ EdTech platforms** and performed **UX evaluations** across **10+ website pages**, identifying **3 key usability and content-structure issues** with actionable recommendations.
- Analysed **5+ operational and engagement risks** in online academic events and proposed structured mitigation strategies to improve participant experience.
- Evaluated **Instagram, LinkedIn, and YouTube** content, reviewing **30+ posts/videos** to identify engagement patterns and performance trends.
- Documented **20+ business and user requirements** and translated insights into a usability-focused event listing prototype, demonstrating **filtering and pagination concepts**.

SKILLS

Languages: Python, JavaScript

Backend: Flask, REST APIs, Node.js

Database: MySQL, Supabase

AI / ML: Pandas, NumPy, Scikit-learn, Gemini API

Tools: Git, GitHub, Vercel

Frontend: React, HTML, CSS, JS

EDUCATION

Sri Venkateswara College of Engineering

Sriperumbudur, Kanchipuram

BE Computer Science and Engineering – CGPA: 8.460

Graduation Year: **2027**

Saraswathi Vidyalaya Senior Secondary School

Vadapalani, Chennai

Class XII (CBSE) – Computer Science & Mathematics – 93.8%

Year of Completion: **2023**
